

# Quality Policy

We are committed to constantly meet and exceed our customers' needs and expectations with our products and services.

---

We will achieve this by:

- Having a strong focus on continuous improvement of our total quality management systems.
- Having a strong and visible leadership at all organisational levels.
- Having a strong customer focus and maintaining a good relationship with them.
- Having a strong focus on supplier quality and their ability to deliver goods and services that will satisfy customer needs.
- Having a strong focus on the competency, training, and development of our employees.
- Having an integrated risk-based approach to everything we do.
